

CAMPUS to CAMPUS

Cultivating Consent Culture

Anti.Violence.Project

August 5-7th, 2015

Unceded lands of the Lkwungen and WSÁNEĆ Peoples

The Anti.Violence.Project (AVP) would like to invite you to
our first Campus to Campus Consent Conference,
with this years theme "Train the Trainer"

Conference participants will have the opportunity to be trained in consent from a deeply intersectional lens along with an opportunity to take with them a starter kit and materials from our highly successful "Let's Get Consensual" campaign. Our goal is to give a robust and intersectional understanding of gender-based and sexualized violence and to provide useful tools for campuses to respond to incidents of violence.

We would also like to offer space for a community share back in the form of a tabling event on the last day. This offers a chance to continue to learn from each other, network, and build community – campus to campus.
